

HUMINT INTELLIGENCE REPORT: HUM-447

Subject: Coastal Bastion-P Missile Battery Site

Report ID:	HUM-447	Date/Time:	2026-09-22T16:05:00Z
Target Identifier:	TGT-CHARLIE-1	MGRS Grid:	30UGC9918007020
Source Rating:	A2 (Completely Reliable)	Reporting Unit:	Special Reconnaissance Detachment 3

1. EXECUTIVE MISSION SUMMARY

Mobile coastal defense missile TEL (Transporter Erector Launcher) array sighted in wooded tree line along coastal cliff top.

2. DETAILED FIELD NARRATIVE & SENSOR CORRELATION

- Spotters identified two K-300P Bastion-P quad launchers equipped with P-800 Oniks supersonic anti-ship missiles.
- The battery is supported by a Monolit-B coastal surveillance radar vehicle positioned on high ground 400m north-east.
- Camouflage discipline is high; vehicles move position every 4 hours along hardened secondary roads to prevent counter-battery targeting.

3. TACTICAL IMAGERY & RECONNAISSANCE CROPS
